

Mine Field

This field is divided into 100 squares. Hidden in there are 25 mines, each in a different square. A number inside a square indicates the number of mines in the squares touching it, including itself. Once you pinpoint the locations of all 25 mines, find out what kind of condition they are in. (The answer is a 5-letter word.)

	1	2	3	4	5	6	7	8	9	10
0	2		3			3			1	
1				4	1		2		2	2
2	2		2			2		4		
3		4	2			2		3	1	
4	2			2			2			1
5	2	4				2			1	
6		4	2	2		1		3	2	
7		4					1			2
8	1	3			0		1			2
9		1						2	1	1
